CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board (the "Board") of directors ("Directors"), I hereby present to the shareholders the interim results of Goldin Financial Holdings Limited ("Goldin Financial" or the "Company") and its subsidiaries (collectively, the "Group") for the six months ended 31 December 2016.

Management Discussion and Analysis

During the six months ended 31 December 2016 ("the first half of FY2017" or "the period under review"), the Group recorded revenue of approximately HK\$293.9 million, representing a slight increase of 0.7% over the revenue of approximately HK\$291.9 million for the same period in the previous financial year ("FY2016"). The increase was mainly due to the increased revenues generated by our wine trading operations. Gross profit for the period under review amounted to HK\$231.8 million, which was a rise of 39.2% compared with the HK\$166.5 million for the same period in FY2016. The increased gross profit was mainly resulted from the improved profit margin for our wine products in the period under review. Profit attributable to the owners of the Company was approximately HK\$956.8 million, which represented an increase of 209.8% compared with the approximately HK\$308.8 million for the first half of FY2016. The growth in profit was mainly due to a fair value gain of HK\$1,494.9 million recorded for our investment property, the Goldin Financial Global Centre. The gain was substantially larger than that of HK\$470.7 million for the same period in FY2016.

Business Review

Factoring

According to the data from Factors Chain International, global factoring volume began to slow down in 2015 after having experienced robust growth for the past five years. In 2016, the worldwide trade remained sluggish according to the latest statistics from the World Trade Organization, largely in line with the global economic trend. The sluggish economy may affect the annual global factoring volume in terms of the weaker demand for imports and exports.

Business Review (Continued)**Factoring (Continued)**

In 2016, we have also witnessed increasing competition in the China factoring market. On one hand, the favourable condition supported by the government's stimulus measures in China has resulted in the number of registered domestic commercial factors growing significantly to over 5,000 by December 2016, double of those in 2015.[#] On the other hand, the lowering of short term RMB benchmark lending rate by People's Bank of China by end of October 2015 has reduced the finance cost burden for local enterprises. However, it at the same time also unavoidably decreased the factoring revenues in terms of handling fees and discounting charges.

Against this backdrop, our factoring business continued to face strong competition in China. For the first half of FY2017, our factoring business recorded revenue of approximately HK\$96.4 million (the same period in FY2016: HK\$120.6 million), down by 20.1%, while profit from this business segment decreased by 24.3% to approximately HK\$67.7 million, compared with the HK\$89.4 million for the same period of FY2016.

Wine

Wine consumption in China has been escalating in recent years. Statistics from the Chinese Customs shows that in 2016 the country imported more bottled wines (a 22% growth in volume and a 17% growth in value) compared with 2015, reflecting a higher wine consumption by the middle-class and the affluent in China for affordable and good quality wines. Increasing disposable income and the growth of e-commerce in the country have also made imported wine more accessible, according to China Landscapes 2016. Accordingly, China continues to attract most wine merchants in the world as it offers ample business opportunities for growth.

Business Review (Continued)

Wine (Continued)

In the period under review, the Group continued to implement global marketing and distribution strategies. New distributors were appointed in key markets of the world to enhance visibility and branding. The Group also promoted its wine club and wine cellars in Guangzhou and Tianjin to wine lovers. For retail clientele, the Group has set up a point of sale for wines in its fine dining restaurants at the newly opened Goldin Financial Global Centre in Kowloon Bay to cater consumer's need. The "Congeodle (江南庭敍)" which offers home-style cooking and the "Dynasty Garden (皇御園)" which provides authentic Cantonese cuisine came into operation in November and December 2016 respectively, and soon attracted customers from nearby areas.

During the first half of FY2017, the wine and wine related business recorded revenue of approximately HK\$193.4 million (first half of FY2016: HK\$171.3 million). This represented an increase of 12.9% over that of the same period in FY2016. Segment profit from our wine business was approximately HK\$73.2 million (first half of FY2016: HK\$17.2 million), which represented an increase of 325.6% over the same period in FY2016. This increase was mainly due to the larger gross profit generated by our trading of the Group's self-produced wines compared to the same period in FY2016.

Real Estate

The first half of FY2017 has been fruitful for our real estate business, not only do we see the official opening for the investment property Goldin Financial Global Centre in October, but also major steps towards property development with tender acceptance for the Ho Man Tin Station Package One Project Development in December, in addition to the Ho Man Tin Sheung Shing Street Project already awarded in March 2016.

Property Investment

The Kwun Tong Line of Hong Kong's Mass Transit Railway ("MTR") has recently been extended to the traditional residential zones of Ho Man Tin and Whampoa in Kowloon. Furthermore, a new station will be built in Kai Tai Development Area on the future Shatin-to-Central Link. With the improving transport connectivity in Kowloon East in the medium term, we foresee a promising future for the alternate central business district ("CBD2") with more convenience for commuters and a business hub for commercial activities in the region.

Business Review (Continued)**Real Estate (Continued)***Property Investment (Continued)*

Our Goldin Financial Global Centre was officially opened on 31 October 2016. Located at CBD2 in Kowloon Bay, Goldin Financial Global Centre is a 27-storey Grade-A office building with 4 restaurants and a 3-storey basement car park. It has a total of approximately 800,000 square feet premium office space and 100,000 square feet dining area. Ground to second floors are designated for specialty and fine-dining restaurants which featured impeccable cuisines. We are actively marketing the building and in negotiations with international corporations who are looking for premium office spaces.

During the period under review, the Group recorded a fair value gain of approximately HK\$1,494.9 million in respect of Goldin Financial Global Centre in the first half of FY2017 (the first half of FY2016: HK\$470.7 million), owing to the significant appreciation of the commercial properties in value in CBD2.

Property Development

Acquired in March 2016, the Group stepped into property development with the first project in Sheung Shing Street, Ho Man Tin comprising a total site area of approximately 9,074 square metres for private residential purpose. We are progressing well with the planning and design of the project and are now proceeding to the development stage of the project. The development shall be completed and made fit for occupation on or before 31 December 2021. During the period under review, the Group transferred a 40% equity interest in the property development project in Sheung Shing Street to the controlling shareholder, Mr. Pan Sutong. The move was aimed at lowering the Group's capital commitment to the development of the project while maintaining the profit contribution to the Group.

In December 2016, the Group's 50.1%-owned joint venture submitted a tender for a residential property development project at the northern portion of the Ho Man Tin Station (the "Ho Man Tin Station Package One Project Development") and won the bid. The gross floor area of this second property development project will range between approximately 41,400 square metres and 69,000 square metres, with between 800 and 1,000 private residential flats to be built by 31 December 2022. The total development costs (including the assessed premium) are projected to be around HK\$13 billion.

Financial Review

Liquidity, Financial Resources and Gearing

As at 31 December 2016, the Group's working capital stood at approximately HK\$1,493.8 million, representing an increase of 729.4% over the HK\$180.1 million figure recorded on 30 June 2016. Cash and cash equivalents totalled approximately HK\$859.8 million, representing an increase of 912.7% over the HK\$84.9 million on 30 June 2016.

As at 31 December 2016, the Group had outstanding bank loans of approximately HK\$9,421.6 million (30 June 2016: HK\$9,272.9 million). The loan drawdown during the period was mainly for financing the construction and interior fitting costs of our Goldin Financial Global Centre prior to its grand opening in late October 2016. The Group also maintained a borrowing facility of US\$500 million (equivalent to HK\$3,877.2 million) from a related company in which Mr. Pan Sutong ("Mr. Pan"), a controlling shareholder of the Company, has a beneficial interest. As at 31 December 2016, approximately US\$8.7 million (equivalent to HK\$67.1 million) (30 June 2016: US\$8.5 million (equivalent to HK\$66.3 million)) of the facilities were utilized. The undrawn borrowing facility was approximately US\$491.3 million (equivalent to HK\$3,810.1 million) as at 31 December 2016 (30 June 2016: US\$491.5 million (equivalent to HK\$3,813.0 million)). During the current period, the Group had drawn down loans from the non-controlling interests amounting to HK\$1,567.5 million (30 June 2016: Nil), which was mainly for financing the acquisition of the Group's properties under development.

The gearing ratio of total bank and other borrowings divided by total assets of the Group as at 31 December 2016 was maintained at a healthy level of 35.7%, which approximated the figure of 33.4% as at 30 June 2016. The ratio of net debts (total bank and other borrowings net of cash and bank balances) divided by total assets was approximately 32.9% (30 June 2016: 33.1%).

Financial Review (Continued)**Foreign Exchange**

As the Group's key operations are located in Hong Kong, China, the US and France, its major assets and liabilities are primarily denominated in HK\$, RMB, US\$ and Euro. While we have yet to establish a formal foreign currency hedging policy, we will, as always, continue to monitor our exposure to foreign exchange fluctuations carefully and may introduce appropriate hedging measures should the need ever arise.

Contingent Liabilities

As at 31 December 2016, the banking facilities granted to a property investment subsidiary, which is subject to guarantees given to the bank by the Company for up to 60% of funds drawn down, had been utilized to the extent of HK\$3,736.0 million (30 June 2016: HK\$3,647.5 million).

As at 31 December 2016, the banking facilities offered to a property development subsidiary which is subject to guarantees given to the bank by the Company for up to 60% of the facilities amount, had been utilized to the extent of HK\$1,915.0 million (30 June 2016: HK\$3,191.6 million).

Pledge of Assets

As at 31 December 2016, the Group's secured bank loans were secured by (i) the investment property with an aggregate carrying value of HK\$14,200 million (30 June 2016: HK\$12,500 million); (ii) the properties under development with an aggregate carrying value of HK\$6,626 million (30 June 2016: HK\$6,521 million); (iii) the entire share capital of Smart Edge Limited, a 60% owned subsidiary which holds the investment property, and (iv) the entire share capital of Gold Topmont Limited, an indirect 60%-owned subsidiary of the Company which holds the properties under development.

In addition, the Group pledged its prepaid land lease payments with a net carrying amount of HK\$95 million (30 June 2016: HK\$101 million) and buildings with a net carrying amount of HK\$2,743 million (30 June 2016: HK\$2,902 million) for a banking facility granted but not yet utilized as at 30 June 2016 and 31 December 2016.

Prospects **Factoring**

Global economic activities remain lackluster as economic and geopolitical uncertainties loom large. Total exports from China are expected to contract further given the turbulence in Europe and the uncertainty in United States with the new presidency. In addition, China's factoring market is likely to remain very competitive as more commercial factors enter the market. In view of these market conditions, we will strive to maintain the competitive edge of our factoring business and continue our prudent approach to managing risks and selecting clients. We will also explore possibilities of forming new ventures and cooperating with other commercial factors and financial institutions to develop new products and services in China's financial sector.

Wine

The wine industry in China and Hong Kong is burgeoning. The culture of wine has also been flourishing across various wine-related businesses such as trading, investment, education and promotional activities and tourism. To tap the potential of Hong Kong and China as the world's two fastest-growing wine markets, global wine merchants and international wine companies have already set up their regional trading and distribution bases in Hong Kong. The Group's wine-trading business will continue to develop steadily, aiming for a wider market coverage in China's key cities. The Group will continue to explore other possibilities in the wine business and other related businesses in order to increase its market penetration in China and Hong Kong.

Besides the two Chinese restaurants in operation, a new restaurant "Le Pan" offering contemporary French dining and a Japanese restaurant "Matsunichi" will become operational at our Goldin Financial Global Centre in the second half of FY2017. We will continue to develop our wine and lifestyle business, and is optimistic about the prospect of our specialty and fine-dining restaurants.

Prospects (Continued)

Real Estate

Property Investment

Upon the opening of Goldin Financial Global Centre in late October 2016, we expect a gradual and progressive take up in the occupancy for office space in order to maintain a healthy tenant portfolio. As new office supply will continue to outpace the take up in Kowloon East in the near future, office rent continues to be competitive. Nevertheless, we are optimistic for the CBD2 in Kowloon East being a favourable option for corporations who would like to decentralize from other areas. In the last two quarters we saw a number of multinational conglomerates and companies, in particular those in the banking and finance sector, taking up in the CBD2.

We remain confident that Goldin Financial Global Centre will continue to bring in a steady stream of rental income in future.

Property Development

Our two property development projects are located in the traditional luxurious residential district in Sheung Shing Street, Ho Man Tin and in the northern portion of the new Ho Man Tin Station of the MTR respectively. Northbound passengers can travel to Kowloon East and the Eastern New Territories through Ho Man Tin Station which will serve as an interchange station for the future Shatin-to-Central Link of the MTR. The Ho Man Tin district will serve as a hub of interchange in the city in future. We are optimistic about the future revenues that the Group will generate upon the completion of the projects.

We remain confident that our real estate business will continue to be prosperous as it is bolstered by Goldin Financial Global Centre in terms of investment value and rental income and the contribution from the new residential property developments.

Appreciation

On behalf of the Board, I would like to take this opportunity to express my sincere gratitude to all our management and all colleagues for their valuable contribution to the Group. Moreover, I would also like to express appreciation to our valued shareholders, customers and business partners who have stood by the Group.

On behalf of the Board
Goldin Financial Holdings Limited
Pan Sutong
Chairman

Hong Kong, 28 February 2017

Specific Performance Obligations on Controlling Shareholder

The Group has obtained banking facilities with certain banks with specific performance obligations on the controlling shareholder:

- (1) Smart Edge Limited ("Smart Edge"), an indirect 60%-owned subsidiary of the Company, entered into a 11-month facility agreement (as amended) of up to HK\$6,400 million which requires Mr. Pan to (i) beneficially own not less than 40% interest in Smart Edge; and (ii) retain his control over the Company and remains as Chairman of the Board throughout the term of the loan agreement.

Specific Performance Obligations on Controlling Shareholder (Continued)

- (2) Gold Topmont Limited, an indirect 60%-owned subsidiary of the Company, entered into a one-year facility agreement of up to HK\$3,192 million which requires Mr. Pan to retain his control over the Company and remains as Chairman of the Board throughout the term of the loan facility.

Code on Corporate Governance Practices

Throughout the six months ended 31 December 2016, the Company has complied with all the code provisions ("Code Provisions") of the Corporate Governance Code as set out in Appendix 14 to the Listing Rules, except for the deviations with considered reason as explained below.

Paragraph A.4.1 of the Code Provisions stipulated that non-executive directors should be appointed for a specific term, subject to re-election. The independent non-executive Directors are not appointed for a specific term but are subject to retirement by rotation at least once every three years at the Company's annual general meeting in accordance with the provisions of the bye-laws of the Company. The Board believes that such practice would offer stability at the Board level whilst independence is safeguarded by the statutory provisions by way of rotation, retirement and re-election subject to the shareholders' approval. Thus, the Board considers that such provisions are sufficient to meet the underlying objectives of the relevant provisions of the Corporate Governance Code.

Paragraph E.1.2 of the Code Provisions stipulated that the chairman of the board should attend the annual general meeting. Due to other business engagements, the Chairman of the Board was unable to attend the annual general meeting of the Company held on 29 November 2016. There were other executive Directors and independent non-executive Directors present at the meeting for the question-and-answer session to ensure effective communication with the shareholders.

OTHER INFORMATION (CONTINUED)

Model Code for Directors' Securities Transactions

The Company has adopted its own Model Code for Securities Transactions by Directors and Employees (the "Corporate Model Code"), which are on terms no less exacting than the required standards as set out in the Model Code in Appendix 10 to the Listing Rules. Employees who are likely in possession of unpublished inside information of the Company are also subject to the Corporate Model Code.

Upon specific enquiry by the Company, all Directors confirmed that they have complied with the required standards set out in the Corporate Model Code throughout the six months ended 31 December 2016.

Purchase, Sale or Redemption of the Company's Listed Securities

During the six months ended 31 December 2016, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the listed securities of the Company.

Human Resources

As at 31 December 2016, the Group had about 305 employees (2015: 144). Total staff costs for the six months ended 31 December 2016 were approximately HK\$48.9 million (2015: HK\$42.5 million). The remuneration policy and package of the Group's employees are structured in accordance to market terms and statutory requirements where appropriate. In addition, the Group also provides other staff benefits such as medical insurance, mandatory provident fund and share options to motivate and reward employees at all levels to achieve the Group's business performance targets.

Review by Audit Committee

The Audit Committee of the Company, comprising Ms. Hui Wai Man, Shirley as chairman as well as Mr. Tang Yiu Wing and Ms. Gao Min as members, has reviewed, together with the participation of the management, the accounting principles and practices adopted by the Group and discussed the financial reporting matters including the review of the unaudited consolidated interim financial statements of the Group for the six months ended 31 December 2016.

Change in Information of the Directors

Pursuant to Rule 13.51B(1) of the Listing Rules, changes in information of the Directors since the date of the Company's Annual Report 2015/16 are set out below:

- (1) Ms. Hui Wai Man, Shirley resigned as an independent non-executive director of Fresh Express Delivery Holdings Group Co., Ltd, a company listed on the Main Board of the Stock Exchange, on 1 December 2016.
- (2) Hon. Shek Lai Him Abraham (*GBS, JP*) was appointed an independent non-executive Director and the chairman of the Nomination Committee of the Company both with effect from 9 January 2017.
- (3) Mr. Pan Sutong ceased to be the chairman of the Nomination Committee on 9 January 2017 and he remains a member of the Nomination Committee of the Company.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 31 December 2016

1. Basis of Preparation

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and with the applicable disclosure requirements of Appendix 16 of the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual financial statements for the year ended 30 June 2016.

2. Significant Accounting Policies

The accounting policies adopted in the preparation of the condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 30 June 2016, except for the adoption of the following revised Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the HKICPA, which are effective for the first time for the Group’s annual periods beginning on or after 1 July 2016.

Amendments to HKFRS 10, HKFRS 12 and HKAS 28 (2011)	<i>Investment Entities: Applying the Consolidation Exception</i>
Amendments to HKFRS 11	<i>Accounting for Acquisitions of Interests in Joint Operations</i>
Amendments to HKAS 1	<i>Disclosure Initiative</i>
Amendments to HKAS 16 and HKAS 38	<i>Clarification of Acceptable Methods of Depreciation and Amortisation</i>
Amendments to HKAS 16 and HKAS 41	<i>Agriculture: Bearer Plants</i>
Amendments to HKAS 27 (2011)	<i>Equity Method in Separate Financial Statements</i>
<i>Annual Improvements 2012-2014 Cycle</i>	Amendments to a number of HKFRSs

The adoption of the above revised HKFRSs has no significant financial effect on these condensed consolidated financial statements.

3. Operating Segment Information

For management purposes, the Group is organised into business units based on their services and products, and has four reportable operating segments as follows:

- (a) the factoring segment engages in the provision of factoring services;
- (b) the financial investments segment engages in securities and derivatives investment and trading and investment in financial instruments;
- (c) the winery and wine related segment engages in trading of wines, wine storage, operation of vineyards, operation of restaurants and publication of a wine magazine; and
- (d) the property segment engages in property development and investment.

The following tables present revenue and profit information for the Group's business segments for the six months ended 31 December 2016 and 31 December 2015, respectively.

The Group's property interest held under an operating lease for rental purpose is measured using the fair value model and is classified and accounted for as investment property.

At 31 December 2016, the Group's investment property stated at fair value was revalued by Knight Frank Asset Appraisal Limited (30 June 2016: Savills Valuation and Professional Services Limited), an independent firm of professionally qualified valuers, on an open market, existing use basis.

The valuation is arrived at using the sales comparison method and is estimated by making reference to the sales transactions or asking price evidences of comparable properties as available in the market with adjustments made to account for any differences and where appropriate.

At 31 December 2016, the Group's investment property with a carrying value of HK\$14,200,000,000 (30 June 2016: HK\$12,500,000,000) was pledged to secure banking facilities granted to the Group.

18. Fair Value of Financial Instruments

The Group did not have any financial assets and liabilities measured at fair value as at 31 December 2016 and 30 June 2016.

Management has assessed that the fair values of cash and bank balances, trade receivables, trade payables, financial assets included in prepayments, deposits and other receivables, financial liabilities included in accruals, other payables and receipts in advance, an amount due from a related company, amounts due to related companies and non-controlling shareholders, and the current portion of interest-bearing bank borrowings approximate their carrying values largely due to the short term maturities of these instruments.

18. Fair Value of Financial Instruments (Continued)

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of the non-current portion of interest-bearing bank borrowings, loans from a related company and non-controlling shareholders, and amounts due to a controlling shareholder and a related company have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturity. The Group's own non-performance risk as at 31 December 2016 was assessed to be insignificant. The fair value approximated its carrying value as at 31 December 2016.
